## DETAILED ACTION

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jiawei Huang on December 23, 2006.

The application has been amended as follows:

**In Claim 14, line 10, after "wherein" and before "without forming", please insert : -- said variable capacitor is formed -- .**

### ***Reasons of Allowance***

Claims 14-27 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art does not anticipate or make obvious, *inter alia*, removing a portion of the first type ion-doped well to form at least one first opening without exposing the first type ion-doped buried layer; and forming a second type ion-doped region in the first type ion-doped well at the bottom of the first opening; wherein said variable capacitor is formed without forming any vertical structures extending into the substrate in the form of

trenches, as required by Claim 14, and independent Claims thereof. Claims 22-27 are allowed for the reasons of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
